

August National Home Article

The VFW National Home has a new Executive Director. His name is Dr Jerred Johnson, and he is a member of VFW Post 2406 and is retired from the National Guard. He served for more than 23 years and served in Iraq.

The convince store has been opened and is serving the residents and staff at the Home. It was not easy to go shopping if you needed something at the last minute. The VFW and the Auxiliary raised \$134,000 to remodel and stock the store. They had the Grand Opening in I believe April with both Commander in Chief Carol Whitmore and National President Lois Callahan in attendance. The residents are incredibly grateful for the store.

There is useful information on their website on how to help a veteran or their family that is in need help. They usually are there for 4 years to help get back on track. There are four stages and they are helped all the way through by the staff.

If you are wanting to help the VFW National Home, they have Life Memberships of \$100.00, Amazon wish list, you can put them in your estate planning and many other ways.

If you have any questions, I will be at the Redmond and Albany Learning Academies and there will be information at the Roseburg Academy.
