

Happy Fall Ya'all

I want to thank everyone for the great Program Reports I am getting. You all are keeping busy. I just want to send this simple reminder that in the Auxiliary Outreach Program we are looking for Organizations you are volunteering to help, the hours and the miles.

We are not looking for what was donated to the other organizations (goods and money) ONLY services.

Remember to put Name of the Organization (Example Community Recycling Center), Number of Hours (Example: 2 members at 2 hours each) and the Number of miles (Example total mileage was 23 miles) and what you did (Example bundled cardboard).

Some of the reports I have received tell me all these wonderful things you are doing and your communities are so blessed to have you helping them. Keep up the great work. Others that I feel would be more beneficial to other Programs I will forward them on to the appropriate Chairperson.

Thank you each and everyone person and auxiliary. Wishing you all a very Happy Thanksgiving
