

## **DECEMBER 2023**

Wow, the last month of 2023. What a year we have had. I personally have two weeks of work before Winter break, going back to work after ringing in the new year.

On December 9th, Ontario Post 5452 is hosting a Christmas Party.

This can be a rough time of year for our service men and women, their families and friends. As well as our veterans; keep them close to your heart. If any help can be offered, I hope that we are informed.

I know that my school district is doing many different drives; food, clothing, and hygiene. I am sure there are many other places that would take items.

May next year see you treated well.
