

NOVEMBER 2023

First, I want to thank those participating and sending the Premie and Angel Baby yarned hats and blankets. Miss Colleen has reported a good amount coming her way to distribute to OHSU. You can also reach out to your local hospital/birthing centers if they have this need (they likely do). This is a wonderful Hospital Project, please continue to participate and spread the word to Auxiliary and Non-Auxiliary Members alike. All hours will count. Premie Angle Baby Patterns are on the banner of our website (rotating main page).

Can you believe Thanksgiving and Christmas are around the corner? It has been a colder Fall here in Winston. Our VA facilities have some requests to help gear up our Veterans not only for the temperate but also Holiday Season. Sent items will help our VAVS Reps/Depts and Volunteers from needing to go shopping.

Portland and Roseburg VA will need the same items requested in the October article that can be found under Resources, Program Archived Articles. Roseburg really needs shoes and base layers sets.
