

NOVEMBER 2022

This year is going by faster than I expected. I have been learning the ropes of how our Department Auxiliary works and the things that happen behind the scenes. The how's and why's for the audit and budgets. I must say there is a lot that goes into this.

Last month I had the pleasure of representing Department of Oregon during the Dedication of Highway 86 in Richland, OR. Working with the dignitaries with our local post, Oregon Legislative Representatives and Congressional representatives to rename the Highway from Richland to Oxbow to Honor John Noble Holcomb Medal of Honor Recipient. It is amazing how all the cogs work together to accomplish this honor.

I did my first assignment on a District Meeting visit in District 10 and what a warm and welcoming group of members. They made that first assignment run smooth and efficient and I thank them for that.

Wishing you all a safe month and don't forget to get out and vote.

Sincerely

Deb Duggan

Department of Oregon Jr. Vice President
