

Greetings Brothers and Sisters;

We face another year of volunteering and supporting our military veterans. This year shall be a year of change for me personally, all for the good hopefully.

My goal for this next year is to try to visit as many Auxiliaries as possible. Living on the eastern side of the state at times puts me at a disadvantage, but I hope to visit many auxiliaries this year.

During this year I have been to the National Convention in Columbus, Ohio, the Western Conference in Garden City, Idaho as well as the Jr Vice Conference in Lansing, Michigan where the National Homes are located.

I pray that we have a year of growth and companionship. I hope that we are able to continue to strengthen relationships between the Auxiliaries and the Posts.

If you have any questions, I hope that you feel that you can contact me.

Robin Stoner
