

DECEMBER 2022

TREASURER'S REPORT

Well Thanksgiving is over and we are on our way to Christmas. Our donations are really coming in slow so please at your next meeting please talk about paying your obligations or extra money to the hospitals. There are quite a few auxiliaries that haven't paid their \$1.25/member and that needs to be paid. If you haven't you will be getting a call from Megan because we all need to get in your obligations to the hospital and National Home. If you are paying the \$1.25/member and you have that in your standing rules, you don't need to wait for a meeting, you can send that without it.

Please if you can, please send money to the National Home for the Christmas store. It's a really good program and it helps the kids get money to buy gifts for their siblings and parents for Christmas and other holidays during the year. The National Home is a wonderful place and it helps children of veterans, if you haven't become a Life Member of the National Home please consider doing that. You can go online and pay for the membership or contact me and I will know how to get it done for you.

If you have an annual member that is an officer of your auxiliary and they haven't got their dues paid, please get them taken care of soon. If you have an annual officer and their dues aren't paid by Dec. 31, 2022 they will lose their office and will not be able to take an office for a year. Please make sure that if you have any officers that are annual members to get their dues taken care of soon.

I am sorry that you haven't been able to find my articles for the last few months, but I have been sending them in, just didn't get put in the right place. I am sending my article to a few people today and hopefully they will get to the right place.

Here's hoping that you and your family have a great holiday season. Remember our vets that don't get to spend the holiday with their family and here's to hope that you have a great holiday season. Hope that 2023 starts well for you.
